Bible in One Year Reading Plan

Steven Miller Ministries

Read the entire Bible in 365 days with daily readings from the Old Testament, the New Testament, and Psalms or Proverbs. This plan includes all 66 books, with every chapter and verse assigned once. Begin on any date and check off each day as you finish.

How to Use This Plan

Start with Day 1 whenever you are ready. Write your starting date below, then follow the numbered days in order.

Read all three selections each day. The Old Testament column includes the books other than Psalms and Proverbs. Those two books have their own column and are spread across the year.

Longer New Testament chapters and many Psalms and Proverbs readings are divided into verse portions. For example, Matthew 1:1–12 means chapter 1, verses 1 through 12. A reference without verse numbers means the whole chapter.

Use your preferred Bible translation. The World English Bible is a suitable choice. Chapter and verse numbering follows the customary English Protestant Bible; some translations number a few verses differently.

If you miss a day, resume where you stopped. Pray for understanding, notice what the passage teaches about God, and consider how to live in response. Daily reading length varies, so allow extra time for longer selections.
